Waiting for the rain to stop  
Lay on the beach in the cold  
A game engine and that's all  
Waiting for the rain to stop  
when we are working together  
Waiting for the rain to stop  
Waiting for the rain to stop  
Waiting for the rain to stop  
I thought they liked my fist  
Waiting for the rain to stop

Waiting for the rain to stop  
Waiting for the page to load  
Waiting for the page to load  
Waiting for the page to load  
I thought they liked my fist  
Somewhere in between screens  
Waiting for the page to load  
Your time, not your newsfeed  
I thought they liked my fist  
I thought they liked my fist  
Front from but don't pick me  
I thought they liked my fist  
I thought they liked my fist  
I thought they liked my fist  
I thought they liked my fist  
On the beach we sit together
